To whom it may concern

Mr Vasco Schmidt (MRes.) has worked as a freelancer for Global Forest Care S.A. from March 16, 2009 until December 4, 2009. His main tasks were as follows:

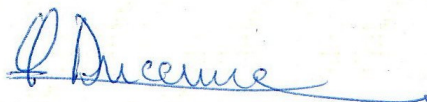

- Carry out a comparative study on algae as a source of biofuel
- Conduct various investigations on biomass development schemes
- Assist field teams in the scope of forest surveying
- Represent Global Forest Care S.A. at various fairs and events
- Initiate and maintain networking with key stakeholders involved with sale of forests and lands, more particularly in Portugal
- Draft newsletters about biomass production and strategic importance

We highly recommend Mr Vasco Schmidt to any employer seeking young professional talents. More specifically, Vasco demonstrated an outstanding capacity in the following fields:

1. Writing skills
2. Critical and lateral thinking
3. Team building
4. Broad scientific knowledge
5. Multi-cultural attitude

Mr Vasco Schmidt is a very valuable asset in any organization taking on demanding challenges. His professional experience and above all his attitude towards complex issues are conducive to finding new ways and new solutions.
